IT1501 – WEB TECHNOLOGY

Assignment 1

Project Name: AUDITION HUB

NAME: DHIVIYA K

CLASS : III IT-A

REG NO: 312321205045

INTRODUCTION

The "AUDITION HUB" website is a platform designed to provide information about auditions in the film industry. It allows aspiring actors and professionals to explore various opportunities and register for auditions. The website features sections such as home, about, registration, and specific audition listings.

ABOUT

This assignment is based on creating a website using HTML and CSS .The website thus created is named as "AUDITION HUB" .This is a website that provides audition information for various sectors involved in the film industry such as acting ,direction, dubbing, Choreography, etc. This website involves the following:

1. Header Section:

The header section contains the title of the webpage, "#Film Audition," and a header element with the text "AUDITION HUB" and a subtitle "Lights-Camera-Audition."

2. Top Navigation Section:

The top navigation section consists of a horizontal list of links that includes "Home," "About," and "Register."

3. Video Container Section:

This section displays a YouTube video embedded using an iframe. The video shows Kevin Hart auditioning for iconic movie roles.

4. Grid Container Section:

This section displays a grid layout with four items. Each item represents a different category related

to the film industry, including "Acting," "Direction," "Playback Singing," and "Choreography." Each item consists of an image related to the category and a heading.

5. Second Grid Container Section:

This section is similar to the previous grid container section and displays four additional categories: "Dubbing," "Cinematography," "Stunt Coordination," and "Music Composition."

6. Footer Section:

The footer section displays a copyright notice and social media icons for Facebook and Instagram.

DESIGNING TOOLS USED:

HTML: Used for structuring the web pages.

CSS: Used for styling and designing the website.

CODE STRUCTURE AND FUNCTIONALITY:

a.Home Page (new.html):

Displays the main header with the website title and tagline. Includes a navigation bar with links to the home, about, and registration pages. It also shows images and a video related to the website.

  <div class="p">
<b style="color:pink;">AUDITION HUB</b> is an online platform that connects actors with casting directors, filmmakers, and production companies. We serve as a central hub for actors to find and apply for auditions<br>while providing casting professionals with a pool of talented individuals to choose from. Here's some general information about our website:<br><br>

<hr style="color:black">

<h3 style="color:black;">1.Profile Creation:</h3> Actors can create profiles on this website, which typically include details such as their headshots, resumes, demo reels, and other
```

relevant information. A
well-crafted profile increases the chances of getting noticed by casting directors.

<h3 style="color:black;">2.Audition Listings:</h3> Audition Hub provides a database of audition listings for various projects, including films, TV shows, commercials, and theater productions. These listings typically
include information about the roles, project details, audition requirements, and submission instructions.

<h3 style="color:black;">3.Search and Filter Options:</h3> Actors can often search and filter auditions based on criteria such as location, role type, project genre, and specific keywords. This allows them to find
 auditions that align with their skills and preferences.

<h3 style="color:black;">4.Application Submission:</h3> Actors can submit their materials, such as headshots, resumes, and demo reels, directly through the website for specific auditions. We also provide additional
 tools for actors to record and upload self-tapes for remote auditions.

<h3 style="color:black;">5.Notifications and Alerts:</h3>Many film audition websites offer email or push

notifications to inform actors about new auditions that match their preferences or criteria. This ensures that
actors stay updated on the latest opportunities.

<h3 style="color:black;">6.Industry Networking:</h3> This platform often facilitate networking opportunities, allowing actors to connect with industry professionals, casting directors, and fellow actors.We also offer forums or community
features for discussion and collaboration.

<h3 style="color:black;">7.Subscription Models:</h3> We operate on a subscription-based model, where actors pay a fee for access to premium features or a wider range of auditions. However, there
are also free platforms available that provide basic audition listings.

<h3 style="color:black;">8.We provide audition informations for:</h3>

   ACTING

   DIRECTION

   PLAYBACK SINGING

```
    <li>CHOREOGRAPHY</li>

    <li>DUBBING</li>

    <li>STUNT COORDINATION</li>

    <li>CINEMATOGRAPHY</li>

    <li>MUSIC COMPOSITION</li>

  </ul>
<b style="font-family:modern;">It's important to note that we
have our own unique features, user interface, and<br>specific
guidelines for actors. While using our platform, it's advisable
to thoroughly read the terms and conditions, research the
website's reputation, and exercise caution while
sharing<br>personal information or engaging in any financial
transactions.</b>

c. Registration Page (new2.html):

Contains a registration form for users interested in auditioning. Collects personal details such as first name, last name, contact number, email, gender, date of birth, and ID proof. It also includes a dropdown menu to select the area of interest (acting, direction, playback singing, choreography, etc.) and a submit button to send the form. It also contains a navigation bar with a link to the home page.

DESIGN AND STYLING:

The website uses a background image and specific colours to create an appealing visual experience.

The header section of each page has a consistent design with a title and tagline.

The navigation bar is styled to have a hover effect when the mouse pointer is over the links.

Images are incorporated to represent different categories such as acting, direction, dubbing, etc.

The registration form has a specific layout and styling to make it visually pleasing and easy to fill out.

FOOTER AND SOCIAL MEDIA LINKS:

The footer section appears at the bottom of each page. It contains copyright information and social media icons for Facebook and Instagram.

CONCLUSION

Thus, this website allows users to navigate between pages, learn about the audition calls for various aspects in the film industry, register for auditions, and view specific audition listings. Overall, the web page presents a film audition website called "Audition Hub" with a header, navigation links, video content, category sections, and a footer. The design includes background images, colours, and styling for a visually appealing interface.
